

*Populus nigra* 'Italica'

Lombardy Poplar

Salicaceae

Habit: Deciduous

Origin: W. Asia

Size: 60-100 ft. tall x 15-30 ft. wide

Leaf: 2-3 in; simple, ovate, deltoid

Flowers: tiny catkins; mostly dioecious- male: red, female: yellow-green

Fruit: Cottony mass capsules

Growth rate: Very fast; short-lived

Don't plant anything under this tree

Hardiness: -40 °f

*Salix babylonica*

Weeping Willow

Salicaceae

Habit: Deciduous

Origin: Western China

Size: 30-50 ft. tall x 50-70 ft. wide

Leaf: 3-7 in.; simple, narrowly linear to lanceolate

Flowers: catkins' 1-1.5 in.

Bloomtime: Feb-Mar

Fruit: Cottony capsules

Growth rate: Fast

These trees love water

Hardiness: -15 °F

*Salix matsudana 'Tortuosa'*

Corkscrew Willow

Salicaceae

Habit: Deciduous

Origin: Asia

Size: 30-50 ft. tall x 25-40 ft. wide

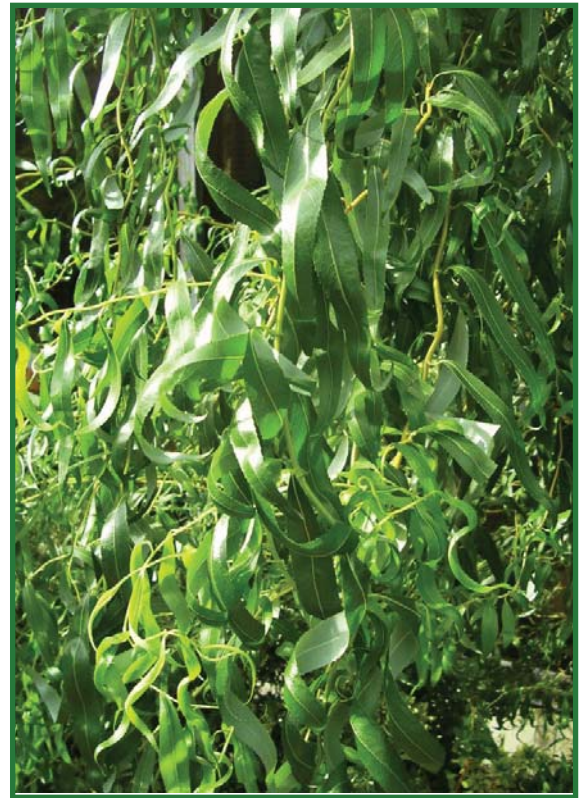

Leaves: 3 in. simple, narrowly lanceolate, curly

Flowers: catkins

Fruit: capsule

Growth rate: Fast

Leaves are twisted giving plant a bizarre appearance.

*Cupaniopsis anacardioides*

Carrot Wood

Sapindaceae

Habit: Evergreen

Origin: Australia

Size: 25-35 ft tall x 20-35 ft. wide

Leaves: 12-15 in long., evenly, pinnately compound

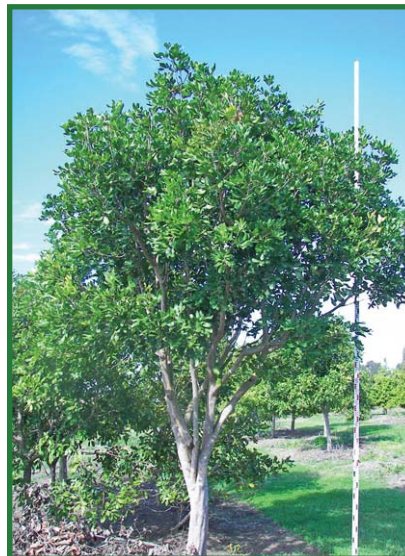

Flowers: small, white, 5 petals

Fruit: 3-lobed, leathery capsule

Growth rate: Slow to moderate

Good substitute for Carob tree.

Hardiness: 22 °F

*Koelreuteria paniculata*

Golden Rain Tree

Sapindaceae

Habit: Deciduous

Origin: Asia

Size: 25-35 ft. tall x 25-40 ft. wide

Leaf: 8-15 in.; odd-pinnately compound

Flowers: 1/2 in., yellow, in panicles

Fruit: Lantern-like capsule

Growth rate: Slow to moderate

Don't flower when summer not hot

Hardiness: 0 °f

*Ailanthus altissima*

Tree of Heaven

Simarubaceae

Habit: Deciduous

Origin: China

Size: 40-50 ft. tall x 40-50 ft. wide

Leaf: 1-3 in.; pinnately compound

Flowers: dioecious, 1/4 in. yellow

Bloomtime: April-May

Fruit: samara, held above leaves

Growth rate: Very fast

These trees love water

Invasive roots; plant females only

Hardiness: -15 °F

*Tilia cordata*

Little-Leaf Linden

Tiliaceae

Habit: Deciduous

Origin: Europe

Size: 30-50 ft. tall x 15-30 ft. wide

Leaves: to 2.5 in. simple, cordate

Flowers: tiny, yellowish-white;

bracts noticeable

Bloomtime: June-July

Fruit: nut-like globose capsule

Growth rate: Slow to moderate

Hardiness: Sub-zero

*Juglans regia*

English Walnut

Juglandaceae

Habit: Deciduous

Origin: Asia and Europe

Size: 50-70 ft tall x 50-70 ft. wide

Leaves: odd-pinnately-compound;

7-9 leaflets (to 5 in. each)

Flowers: monoecious; greenish

catkins

Bloomtime: April-May

Fruit: nut

Growth rate: Moderate to fast

Hardiness: -5 °F
