

Habit: Evergreen

Origin: Mediterranean, N. Africa

Size: 6-20 ft. tall x 6-20 ft. wide

Leaves: 2-3 ft., palmate, armed;  
not as deeply divided as

*Trachycarpus fortunei*

Flowers: 1/2 in., yellow-orange

Bloomtime: Mar- April

Fruit: drupe, yellow, orange, purple

Growth rate: slow

Hardy down to 6°F

Habit: Evergreen

Origin: Canary Islands near  
NW Africa

Size: 30-60 ft tall x 20-40 ft. wide

Leaves: 15-20 ft. long, 1-2 ft wide;  
pinnately compound, armed

Flowers: 3/8 in. pendant panicles,  
yellow-orange

Bloomtime: Feb-April

Fruit: drupe; 3/4 in.

Growth rate: Slow to moderate

Habit: Evergreen

Origin: Brazil

Size: 35-50 ft. tall x 10-20 ft. wide

Leaf: 10-15 ft. long, pinnately-compound; 3-sided, unarmed stem

Flowers: 3/8 - 1/2 in., bell-shaped

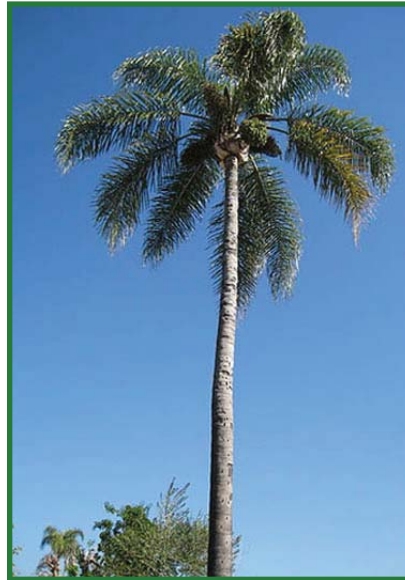

Fruits: 1-1 1/2 in long, orange drupe

Growth rate: moderate to fast

Likes acidic to neutral soils

Tend to look chlorotic

Leaves sensitive to smog

Habit: Evergreen

Origin: Asia (China)

Size: 20-30 ft. tall x 6-10 ft. wide

Leaf: 2-5 ft. long, 2 ft. wide; simple, palmate, unarmed; deeply divided

Flowers: 1 in; small, dioecious, orange

Fruit: 1/4 - 1/2 in. drupe; oblong

Growth rate: slow

Exposure: full sun, partial shade

Habit: Evergreen

Origin: Mexico

Size: 40-100 ft. tall x 10-15 ft. wide

Leaves: 4-5 ft. long, 2-3 ft. wide, palmate, armed; 70-80 divisions

Flowers: tiny, creamy white

Bloomtime: April-June

Fruit: 1/4 -1/3 in.; drupe, edible

Growth rate: Fast

Smooth trunk; not hairy

Hardy down to 10-20°F

Habit: Evergreen

Origin: Australia, New Zealand

Size: 25-40 ft tall x15-25 ft. wide

Leaves: 18-36 in. long, 1-1 1/2 in. wide; linear, sword-like

Flowers: 1/4-1/3 in. cup-shaped, fragrant

Bloomtime: May-June

Fruit: berry; 1/4 in.

Growth rate: Moderate to Fast

Habit: Evergreen

Origin: Australia, New Zealand

Size: 30-40 ft. tall x 20 ft. wide

Leaf: 3-6 in. long; obovate

Flowers: 1 1/2 in., yellow, umbel-like panicles

Fruits: 1 in capsule

Growth rate: Slow to moderate

Similar culture to *Pittosporum*

Habit: Evergreen

Origin: New Zealand

Size: 20-30 ft. tall x 20-30 ft. wide

Leaf: 2-4 in. long, 1-1 1/2 in. wide; simple, pinnate

Flowers: 1/2-1/2 in. across; clusters of 2-6, white

Fruit: 1/4 in. drupe; ovoid

Growth rate: very fast

Exposure: full sun, partial shade

Does best within 10 miles of coast

Habit: Evergreen

Origin: Japan

Size: 40-80 ft. tall x 20-40 ft. wide

Leaves: 1/4- 1 in .long, awl-shaped  
to linear

Flowers: stroboli (Gymnosperm);  
1/16 in

Cone: 3/4 -1 in.; globose

Growth rate: Slow to moderate

Prefer moist, fertile soil

Has redwood-like bark

Habit: Evergreen

Origin: Japan

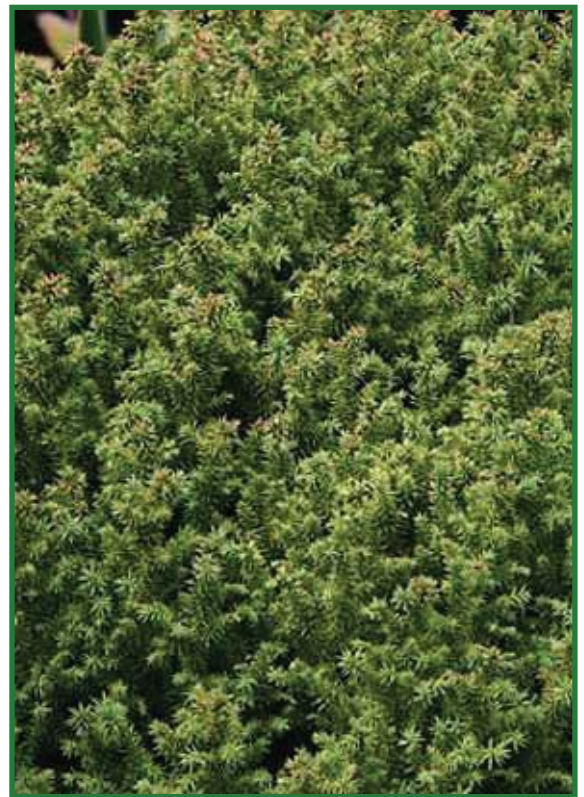

Size: 15-25 ft tall x 15-20 ft. wide

Leaves: 1/2-1 in. long, simple,  
needle-like/linear awl

Flowers: stroboli (Gymnosperm)

Cone: 1/2 - 1 in.;

Growth rate: Slow to moderate  
(long lived)

Habit: Evergreen

Origin: China

Size: 40-90 ft. tall x 20-40 ft. wide

Leaf: 1/2-3/4 in. long; linear, soft

Flowers: monoecious

Cones: 1"; similar to *Sequoia gigantea*

Growth rate: moderate to fast

Hardiness: -15 °F-105 °F (if not dry)

Habit: Evergreen

Origin: Southern United States

Size: 60-80 ft. tall x 30-50 ft. wide

Leaf: 1/2-3/4 in. long; needles

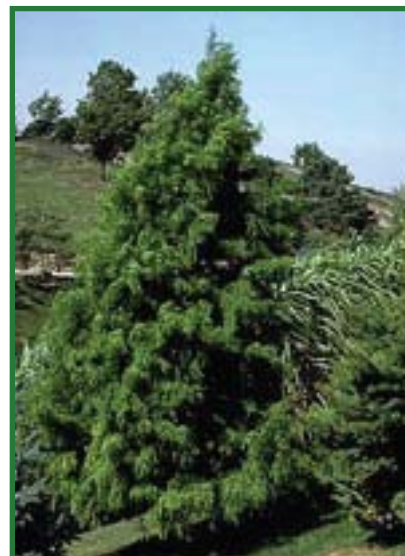

Flowers: monoecious

Cones: golf ball size, spherical

Growth rate: Moderate

Exposure: full sun, partial shade

Heat, drought, wind-tolerant; also tolerates wind, salt air and poor drainage.

*Chamaecyparis obtusa*

Hinoki Cypress

Cupressaceae

Habit: Evergreen  
Origin: Japan  
Size: 20-50 ft. tall x 10-30 ft. wide  
Leaves: 1/4- 1 in. long; scale-like  
Flowers: monoecious stroboli  
Cone: 1/4 in.; globose  
Growth rate: Slow  
Hardiness: -7 °F  
Prefers cool coastal areas with moist air and full sun/partial shade

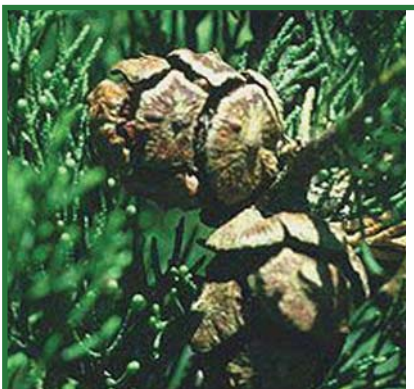

*Cupressus sempervirens 'Stricta'*

Italian Cypress

Cupressaceae

Habit: Evergreen  
Origin: Europe, W. Asia  
Size: 30-60 ft tall x 3-6 ft. wide  
Leaves: tiny; simple, scale-like; appressed to stem  
Flowers: inconspicuous  
Cone: 1-1 1/2 in.  
Growth rate: Moderate to fast  
Has very formal look.  
Tolerates drought, heat, poor soil, wind and salt air.

Habit: Evergreen  
Origin: Australia, New Zealand  
Size: 40-80 ft. tall x 30-35 ft. wide  
Leaf: 6-12 in. long; simple,  
pinnately- divided  
Flowers: unusual shape; golden  
orange; showy  
Fruit: capsule; 3/4 in.  
Growth rate: Very Fast  
Hardiness: 16-24°F

Habit: Evergreen  
Origin: W. Australia  
Size: 20-30 ft. tall x 20-25 ft. wide  
Leaf: 3-6 in. long, 1 1/2-2 in wide;  
simple, parallel-veined  
Flowers: 2-3 in.; pistillate;  
red stamens, cream pistil  
Fruit: 1 1/4 in. capsule  
Growth rate: slow to moderate  
Likes well-drained soil.  
Tolerates drought, wind and salt air

*Leucadendron argenteum*

Silver Tree

Proteaceae

Habit: Evergreen

Origin: South Africa

Size: 10-25 ft. tall x 20-40 ft. wide

Leaves: 3-6 in. long, lanceolate

Flowers: dioecious; terminal heads

Fruit: nut; insignificant

Growth rate: moderate; short-lived

Hardiness: 30 °F

Does well in coastal areas

*Acacia baileyana*

Bailey Acacia

Fabaceae

Habit: Evergreen

Origin: Australia

Size: 20-30 ft tall x 25-40 ft. wide

Leaves: 3" long, up to 2 in. wide;  
bipinnately-compound; elliptic

Flowers: 1/4 in.; staminate; yellow

Bloomtime: Jan-March

Fruit: 4-6 in. long legume

Growth rate: Fast; short-lived

Tolerates drought, poor soil, salt air

Hardiness: 15°F
